

## SUGGESTED ROUTE FROM PISA TO RADICONDOLI

From Pisa follow the sign-posts for the Genova–Livorno (A12) Motorway and once on it take the Rome direction. At the end of the A12 Motorway (Rosignano Marittima) take the SS1 route following the Rome direction and exit the SS1 at Cecina Nord. From here follow the SS68 route towards Volterra until you reach Saline di Volterra. Now follow the sign for Pomarance and drive through Pomarance and San Dalmazio. Proceed on that route until you get to the junction which branches off to Montecastelli, here make sure you take the Radicondoli turn.

### How to get to the Convent

Once you reach the village follow on until you reach the Post Office, here turn around and retrace your steps down towards the direction you came from which is sign-posted to Castelnuovo Val di Cecina. Follow this route (paved and tree-lined on your left side) for about 200 metres until you reach the end of the paved area opposite to a Medieval Gate on your right. Now turn left down a steep local road, you will reach the Convent after about 300 metres at the end of the tarmaced section.
